- Print and save functions
- Report wizard with formatted reports and notes
- Personalized dashboard
- User-defined preferences
- And more...

Upgrade Today:

ProTools is an optional upgrade for any CGCS district and can be purchased for \$3,200/yr. This annual fee includes access to the advanced features for all registered users of the CGCS KPI system in your district.

You will continue to receive access to the CGCS KPI's and the KPI Standard automated system as a CGCS member benefit at no additional cost.

TransACT is the developer of the CGCS KPI automated system and the ProTools upgrade. Order your ProTools upgrade by August 31 to guarantee access for the new survey results. To order:

Submit a PO for \$3,200 to
TransACT Communications, Inc.
 Fax: (425) 776-3377
 - or -
 Order online:
www.manage4results.org/prottools

TransACT Tax ID: 91-1623341

iPad Friendly

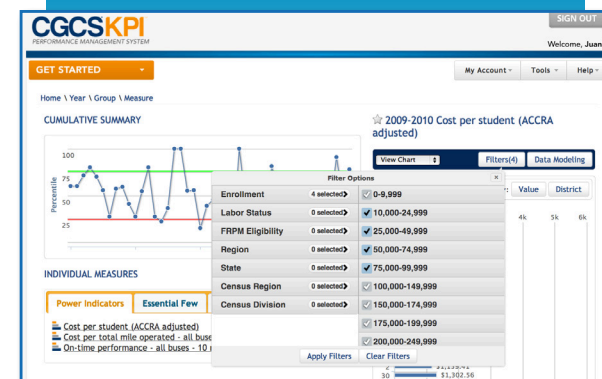

Use CGCS KPI on your tablet device, including the iPad. This is the perfect option to access the system in meetings or on the go. Available 24/7 through your internet or mobile connection.

Android, iPad, and tablet device friendly

Advanced Filter Results

Create custom benchmark and year-over-year views by filtering (narrowing) your reporting criteria. For instance, you may want to narrow the "comparison" pool of districts by selecting any of the following items: Groups, States, Free and Reduced-Price Meals, Regions, Union Status and Favorites.

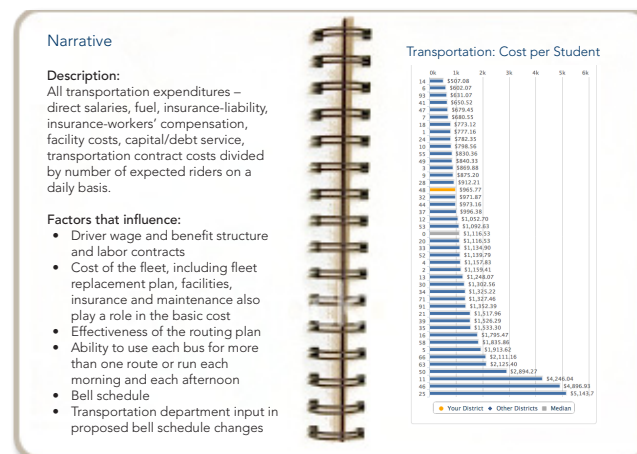

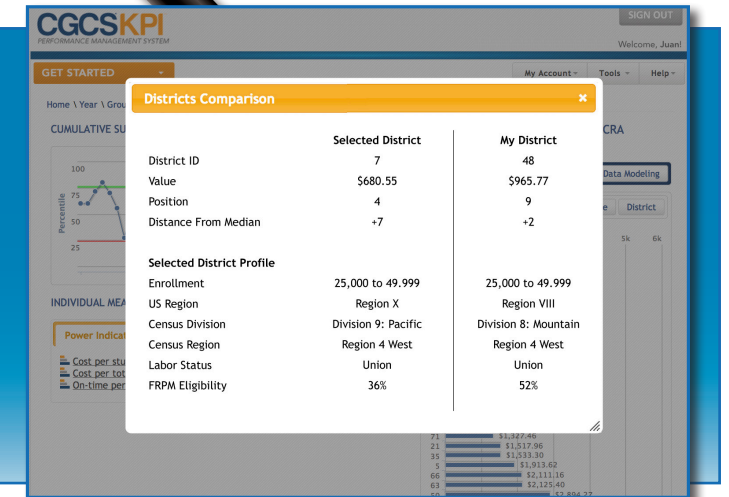

Year-over-Year

In addition to measure benchmarking, you can now view your districts year-over-year trendlines for any measure that has been consistently used in prior year surveys. Compare your progress to any district, group or demographic medians available in the system. Trendlines are interactive providing important trending and raw data information in the hover boxes.

Create Favorite Districts - Your Peer Districts

Select up to 20 districts as your "comparable" districts to compare yourself against your peer groups. Districts remain anonymous and are identified by district number only. As more districts are added to the system, you have the ability to create benchmark reports using non-CGCS districts for comparison. Create custom dashboards for year-over-year comparisons including your "compare-me" groups.

Reporting

Creating custom reports is incredibly easy. A new reporting wizard allows you to completely customize your reports by selecting measures, selecting your benchmark districts, adding personal notes and observations and then creating a professional report with cover page and table of contents. The report can be exported to Adobe Acrobat and includes bookmarks. You can save reports in your personal dashboard for later use and retrieval.

How to Order

Measure • Compare • Manage

Your Data, Your KPI's - Get Better Results from your CGCS KPI System Today!

One low annual fee includes all ProTools features and access for any authorized district employee including **district Board and Superintendent, Chiefs and Directors, Managers and Administrative staff**. Access can be restricted by Chiefs. Periodic updates to ProTools are included at no cost. District receives 3-year price protection.
