Paperless Meetings = Painless Meetings

WASA was able to save thousands of dollars and dramatically improve the way we organize and manage meetings, through the use of the WASA EduPortal® e-Convene paperless meetings system. We invite you to experience the time and cost savings yourself. For more information, go to www.eduportal.com/wasa.

"As an EduPortal user for 11 years, I have come to rely on the system for quick and easy access to resources at the national, state and local level including our board agendas and supporting documents. EduPortal frees up my time and gives me access to the information I need when I need it. We use e-Convene paperless meetings system for our board meetings that involve 40+ members and we are expanding that use to other meetings we host. It works very well for us, our members and we are saving significant time and money! It is definitely a win-win!"
